## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-11 and 19 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the combined claims define over the prior art. The cited prior art does not disclose or suggest a semiconductor device inter alia the limitations "... (i) forming a first layer comprising a first portion and a second portion, wherein the first portion is to provide a first feature of the integrated circuit, and the second portion physically contacts the first portion at the location of the first feature; (ii) forming a first mask over the first layer, the first mask overlying the first portion but having an opening over the second portion so as not to cover the second portion; (iii) etching the second portion selectively to the first mask to at least partially remove the second portion; (iv) after the operations (ii) and (iii), forming a second mask over the first layer, the second mask covering the first and second portions; and (v) etching the first layer selectively to the second mask, wherein the etching of the first layer comprises lateral etching of the first layer...."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
